The CORE

Charles Nellie Peters, 66 world famous artist died in San Francisco yesterday following a serious illness which lasted for two years. At his bedside was his divorced wife, Mrs. Constance Peters, who had become reconciled with the artist a year ago when she learned of his illness. Peters' sketches and studies of European subjects are among the foremost works of modern art in the world.

More testimony in the insanity case of William E. Hickman was given in Judge Elliott Gray's superior court in Los Angeles yesterday. Hickman, co-defendant with Wesley Hunt on a charge of murdering C. Ivy Toms, drug addict, in a holdup Christmas eve, 1926, is already under sentence of death for the murder of Marion Parker.

The King of Italy today knelt in prayer before the altar of his victorious General D'Annunzio in the dimly-lighted room in Rome yesterday while six or seven men and the King Victor for the first time since the king's fall, stood before the altar. Two hours later Premier Mussolini stood rigidly at attention before the remains of his first war minister.

T. Dore Sloper, a descendant of John Dore, who was killed in the Mexican revolution, was killed in a head-on collision with a car in a field, a mile east of Salem, the two were flying in a reconstructed plane when the machine slipped and rolled over on its side before crashing to the ground. This was Sloper's first flight.

DOT MACKAYE ENTERS PRISON

Prison gates closed yesterday on Dorothy Mackaye, stage actress when she was brought to San Quentin to serve a term of from one to three years on a conviction for conspiring with her husband, Ray Raymond, musical comedy star.

Raymond died at Los Angeles following a fist fight with Paul Kelly, a motion picture actor, after the affection of Miss Mackaye. Kelly is now serving a term at San Quentin for manslaughter. At the Southern Pacific station here shortly before 8 o'clock yesterday morning, the actress was met by a throng of persons, many of whom had Miss Mackaye confused with the screen star, Dorothy Mackall, whose name is similar.

On the Richmond-San Rafael ferry, where she was whisked by the deputy sheriffs accompanying her from Los Angeles, she enjoyed her last dance for probably three years with a newspaper reporter to music of a nicker-in-the-slot phonograph.

DRASTIC LAWS WON BY DRYS IN CONGRESS TILT

WASHINGTON, March 1.—Dry law Congress pushed through their first major victory at this session today, when they obtained from the House Judiciary Committee a favorable report on the Stalker bill, which makes the penalties for violating the National Prohibition Act more severe.

Violation of the Volstead law is made a felony for all offenders with penalties up to \$10,000 in fines or five years in prison, or both.

This does away with present law providing that first offenders shall not be imprisoned longer than six months or fined more than \$1,000 or both.

Subsequent offenses under existing law call for a minimum fine of \$200 and a maximum of \$2,000 and a minimum prison term of not less than one month nor more than five years.

That the Stalker bill will be passed in the House by a overwhelming majority is certain, in view of the preponderance of drys here. As the Senate also votes dry, the outlook for passing there is believed assured.

Representatives La Guardia (Republican) and Celler (Democrat) of New York described the Stalker bill as a "joke" and a "mere gesture," which will accomplish nothing in the way of more rigid enforcement of prohibition.

Wallace Snelgrove, Richmond contractor, and successful bidder for the construction of a Bank of Italy building to be erected in Modesto, will start work on the new structure next week according to an announcement made yesterday. The structure is of a design similar to the building being constructed by Snelgrove for the Richmond Commercial and Savings Bank at the corner of Macdonald avenue and Twelfth street and will cost approximately \$125,000.

The building under construction in Richmond has to stores besides the bank space, while the Modesto structure will have space for five stores. After construction is under way it is expected that men from here will be sent to the job to assist in the building work.

County Asks Young To State Tunnel Hiway Road Policy

MARTINEZ, March 1.—Seeking a definite statement on state policy of a proposal that the Highway Commission take over the Tunnel highway as a part of the state road system, a committee of six Contra Costa officials conferred today with Governor C. C. Young at Sacramento.

During the last legislative session Governor Young informed Senator Will R. Sharkey and Assemblyman Robert Easley that if a bill then pending, of which Easley was author, asking that the Tunnel highway be included in the state system, was with the administration would recommend that the 1929 legislature authorize inclusion of the road in the state system.

The Contra Costa delegation, composed of District Attorney A. B. Tinning, Supervisors W. J. Buchanan, R. J. Trembath, Zeb Knott, Oscar Olson, Senator Sharkey, and Assemblyman Easley will seek to have the governor outline state policy and give definite assurance of action on the Tunnel highway.

Contra Costa officials are anxious to determine state policy now in view of a suggestion and effort by Bert E. Meek, director of the state department of public works, to have a survey made for a proposed new Contra Costa lateral, joining Oakland and Stockton.

SERVES STATE

Inasmuch as the Tunnel highway is devoted chiefly to through traffic and principally serves communities other than those in Contra Costa, officials of this county are anxious to have the state's policy with respect to the state taking over the Tunnel highway definitely presented.

A bill introduced in the 1925 legislature by Easley asking that the Tunnel road be included in the state system was passed by both houses of the legislature, but it lost for lack of action by Governor Richardson.

San Pablo Woman Alleges Cruelty In Divorce Suit

"Why don't you try it again and make a good job of it."

This, according to Mrs. Nora Blume of San Pablo, has been suggested by her husband, Edward P. Blume, several times since she made an unsuccessful attempt to end her life by asphyxiation. Mrs. Blume charges in a suit for divorce she filed in Martinez yesterday.

Mrs. Blume was saved from her suicidal attempt, two years ago, by timely intervention and on occasions since when marital strife has ensued, she says, Blume has suggested "another try."

She charges Blume with threats against her life, unjust accusations of intimacy with other men and with cursing and striking her. She asks to be awarded alimony of \$100 monthly. There are no children.

They married in 1921 and separated last Tuesday, according to the complaint, filed through Attorney Will Robinson.

SURVIVORS OF BANDIT ATTACK NEAR MANAGUA

MANAGUA (Nicaragua), March 1.—It may be three days before the wounded survivors of Leguano O'Day's pack train, which was attacked by Sandino bandits, February 27, will arrive here, bridge headquarters admitted today. The wounded men must go by mule back or bull cart train to Ocotal from Condega. Thence they will go by naval airplane to the naval hospital here.

Word arrived during the night by way of Ocotal that the wounded men had arrived at Condega last night, where they were looked after by a naval doctor, who, after a long ride, reached the O'Day outfit yesterday. Until his arrival the wounded were without other aid than their comrades could give them.

Private Lem C. Davis of Nixon, Texas, reported yesterday as seriously wounded in Monday's action, according to the doctor's report, is still in a critical condition. He was shot in the shoulder by the bandits, who fired from behind a stone wall surrounding the corral attached to a farm house at the top of the hill.

It is reported that the pack train was attacked while crossing a stream just outside of Pueblo Mayor Rowell, retreating from an air patrol, reports that there is no better place in Nicaragua for just such an ambush.

From the ranch house where the bandits were presumably helping themselves to lunch, they could shoot down the hill into the ravine and then escape by several trails leading to the mountains, which they did. It was this game that the airplane bombed Monday afternoon shortly after the attack on the pack train.

Three separate detachments are now trailing the bandits northward, including officers and men of the Eleventh Regiment under Colonel Dunlop and fifty men from the regiment under Colonel Wallace. A provisional battalion of the Fifth Regiment, is now trailing northward through Jinotepe, marching night and day in an effort to strike Sandino's outfit a knockout blow.

Other detachments are moving northward from Esteli and south and west from Ocotal on the same mission.

Halter Jailed After Attack On Officer Ligon In Dance Hall

Emil G. Halter, stage resident in the county jail at Martinez serving six months sentence and S. W. Ligon, Richmond police officer, is recovering from bruises as a result of a fight staged by the two men. Officer Ligon had entered the Musicians' hall at the corner of Macdonald avenue and Sixth street and while watching the dancers was suddenly surprised by a blow on the face, inflicted by Halter. A scuffle followed and Halter fled to the street and into a pool room below the hall, where he was handcuffed by Legion with the assistance of Officer John Kenstry and Ernest Phillips, who had been attracted to the scene of the disturbance.

Halter appeared before Justice at the Peace Arthur A. Alstrom yesterday and was given the maximum sentence when found guilty of the charge of battery, because he had been a constant source of trouble to the Richmond police for the past year and a half. Constable J. W. Stanley took the man to Martinez after the sentence had been imposed by Justice Alstrom.

TINNING ASKS ABATEMENT OF THREE HOTELS

MARTINEZ, MARCH 1.—Abatement of three Martinez hotels for violations of the Wright Act is asked by District Attorney A. B. Tinning in suits he filed here today. The actions, asking the closing of the establishments for one year, are the aftermath of raids made by county prohibition officers last week in which nine persons were arrested and fines aggregating \$2500 were collected. The suits are directed against the Lombard Hotel, Castro street, owned by Mrs. Louis Delarosa, and operated by John Lovello.

Should the district attorney's plea be granted by the court the three hotels will be closed for one year and permanent injunctions, forever prohibiting the sale of liquor from the premises will issue.

The actions are predicated not only on the recent raids but on previous arrests.

MARTINEZ, March 1.—Convicted by a jury of assault with a deadly weapon after he had attacked J. C. INSURANCE FOR VETERANS

Many veterans of the World War were deprived of their insurance rights by failure to observe technical requirements as to making application by a certain date.

These men were thereby cut from the one observable benefit from having served their country at the risk of their life and in many cases at the cost of their health.

They may now have another chance. Representatives of the old-line insurance companies appeared before the Veterans' Committee of the House and pleaded for a re-opening of the matter.

Their offer of co-operation should insure the success of the plan.

It is to be hoped that Congress will take advantage of their offer and that the disqualified vets will then take advantage of their renewed opportunity.

SPRING CLEANING FOR LIBERTY

NOT MUCH WONDER MISS LIBERTY WAS LOOKING DIRTY AND DISCOURAGED—SHE HADN'T HAD A BATH IN TWENTY YEARS.

AFTER SHE WAS WASHED WITH BEANS OF SOAP IT MAY SURPRISE SOME PEOPLE TO FIND SHE WAS REALLY A VERY ATTRACTIVE GIRL.

Gallons upon gallons of water—beads of soap by the ton! Just a couple of items in the plans now being considered by the War Department in response to a suggestion that Liberty Statue be cleaned. As the lady's nose is 9 feet long, her finger nails 13 by 10 inches and her height 111 feet, 6 inches, her "bath" will probably be the most colossal ever attempted.

Affairs of the Heart and Your Marriage Problems

Patricia Lee

Patricia Lee answers questions relating to problems of married life. Names and address should be added to letters as a mark of good faith but will not be published. Readers who desire private answers should inclose a stamped self-addressed envelope and 10 cents in coin to cover cost of typing, etc. Because of space limitations it is not possible to print answers to all letters received, and readers who wish an early reply should take advantage of this special service. On account of the large quantity of mail coming to this department, about ten days should be allowed for a reply. Write to Patricia Lee, care of this paper.

Dear Patricia Lee:

I am married seven years and have two beautiful children. My husband is always busy and has not found time to take me out more than about three or four times since we were married. At first it was because there wasn't enough money and now it is because we have children, dear Miss Lee, there are some times I feel so miserable I just feel like jumping out of the window. There is a fellow that has sympathy for me because he knows I am always alone and always blue. He asked to take me out, not meaning anything but friendship. Do you think I should go with him once or twice a week? Do you think I ought to ask my husband or do you think it is best to keep quiet. I like my husband very much, but I can't stand this lonesomeness any longer.

BETTY.

DEAR BETTY:

There is no reason in the world why you should not go out occasionally with this man if your husband consents. But I don't like your attitude. If you consider keeping this from your husband, there must be something you want to conceal. Or you are hoping you will have something to conceal. Probably you don't realize yourself how

much you want a little excitement and intrigue. There are many women with children, dear Betty, who live full, rounded lives. Form some friendship with women, and don't go out with this fellow until you can take a more sensible view of it.

EXERCISE FOR UNDERWEIGHT

Suppose you have just had a physical examination and you have been told that you are underweight. What are you to do? Improve your diet, of course. But what about exercise? Most of the exercises which you see in magazines and books are for the purpose of telling fat people how to become thinner. If you are underweight, and it is not due to any organic trouble, such as disease of the heart, lungs, etc., the following exercises will be very helpful to you. Kneel on the floor, bend forward until the chest nearly touches the knees; stretch out your arms in front of you and rest your hands on the floor shoulder distance apart; swing the body forward and downward to the floor as you straighten your knees and bend your elbows. Then return to your starting position—repeat swinging easily forward and backward ten to twenty times.

Vigorous Health

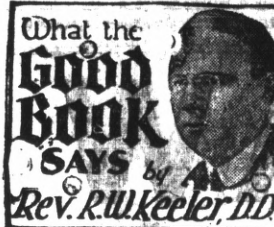

SPINAL ADJUSTMENTS Every now and then some one writes to me to inquire if spinal adjustments are really helpful. My experience has proved this form of treatment to be of much value. Spinal adjustment, when properly done, is always helpful though it may not always be absolutely necessary.

There is no doubt that slight dislocations called subluxations of the spinal vertebrae do occur, but even if there is no actual subluxation there may be tension of the ligaments or muscles, congestion of blood in some parts and tension in others, and all these interfere to a greater or less extent with the action and nutrition of the spinal nerves. Spinal lesions, except those undoubtedly due to accident, are not the primary cause of disease. In most cases it is the abnormal functioning of organs abused by wrong habits of living which give rise to the nerve irritation and interference with circulation that produce the spinal lesions. Nevertheless, adjustment of these lesions will help the body to more rapidly restore a normal condition.

I do not advise dependence upon spinal adjustments alone, as the cause of living must be corrected before permanent good health can be restored. I am much distressed by recurring attacks of diarrhea. Between the attacks I feel fairly good, but am rather constipated. The attacks make me weak. Please advise.

The diarrhea is really the extraordinary effort made by the body to cleanse the intestines from the abnormal accumulation of foreign material resulting from the constipation. The weakness is due to the nerve irritation and the extra energy required to bring about the acute reaction. The usual natural treatment in such a case would be an orange diet for five to seven days with daily enema, followed by the milk and orange diet, together with alternate hot and cold sitz baths, walking and deep breathing. After the first ten days special attention is given to abdominal and back exercises taken in a reclining position.

I lose and gain weight rapidly. After I fast a few days I develop such an appetite that I eat too much, and gain again rapidly. Instead of fasting completely take a diet of nothing but acid fruit and water for several days, then nothing but acid fruits and raw green vegetables for several

WHY I BLUSHED

While riding on an elevated train one morning, I noticed a man getting off, and right alongside of him, I noticed a woman. Thinking that he had side of where he was sitting, a forgotten lunch, I called him and threw the package out as the train was starting. To my embarrassment, another man, who was also sitting near this package, informed me that it was his lunch I threw out. S. TROUM.

Do butter, cream cheese and sweet cream belong to the starchy foods, which are bad for eczema? Does sweet cream go well with a baked apple? D.

The articles you mention are not starchy foods, but nevertheless they should be employed in great moderation when eczema is present. Sweet cream and baked apple is a good combination for a normal person. Of course for best results in cases of eczema some fasting or fruit dieting is always necessary and attention must be given to all right habits of living.

"THE JAZZ SINGER," starring Al Jolson, is a Warner Bros. picture-ization of this novel. It is based upon the play by Samson Raphaelson.

SYNOPSIS

Because Jackie, son of Cantor Rabinowitz, prefers jazz to synagogue music, he leaves home. Ten years elapse. Jackie, now Jack Robin, obtains, through Mary Dale, a dancer, the role of jazz singer in a musical comedy. The Cantor, discovering his son's profession, disowns him. Jack's shoe is opening the Eve of Yom Kippur. Dillings, the baker, jealous of Mary's love for Jack, takes his money out of the show, leaving Lee, the producer, dependent on Jack for success. Yudelzon, the Cantor's friend, comes to tell Jack that his father is ill and asks him to sing in the synagogue that night in his father's place.

CHAPTER XIV—Continued

"Oh, Jack! Jack, I want to see you a minute." Jack could hear Lee calling him from across the stage during a lull in the music.

"I'm over here, Mr. Lee. Can you come here?" He saw the producer coming behind the drop.

"Mr. Lee, listen a minute. I don't know how I'm going to explain this—but excuse me—Mr. Lee, this is Mr. Yudelzon, an old friend of my family. He's just come up to tell me that my father down on the East Side is very sick—and—"

"Your father—on the East Side?" Lee looked at Jack, questioningly, and surveyed Yudelzon with a puzzled air.

"Yes, I know I held out on you, Mr. Lee—that other afternoon when I didn't want to talk about my people," Jack was talking against time, quickly, nervously. "But I had quarreled with my father—he's a Cantor."

"The old boy gone?" Lee interrupted Jack's thoughts and brought him to with a start. "Did you make him understand you couldn't go down there?"

"Yes, I told him—I explained. Jack scarcely noticed what he was saying."

"That's right! Now, come on, hurry up. You haven't time to get your make-up on now, but get on during intermission. God, be dressed rehearsal's on—just this, and then the big opening tonight. Aren't you thrilled?"

"Yes, I told him—I explained. Jack scarcely noticed what he was saying."

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

AND THE WORST IS YET TO COME

FARCE COMEDY HEADS BILL AT THE CALIFORNIA

The lure of motion pictures is gradually draining the stage of its most famous character actors, players who have been on the boards for from ten to forty years.

Except to followers of the theatre, these fine old actors are not as well known as the vivacious little dolls who play silly roles. Yet they are the ones who give the most tremendously dramatic performances. It is their work more than that of any others that make tears alternate with laughter with the touch of skilled artistry.

George Sidney is one of these men who has recently joined the cinema world. His latest part is in one of the featured roles with J. Farrell MacDonald and Vera Gordon in "The Cohens and Kellys in Paris," the Universal production now playing at the California Theatre.

Thirty years in the theatre is Sidney's record. He started at the age of 18. Having been stage struck and often practicing at home, he finally went on one amateur night at the old Bowery Museum and won a barrel of flour. Sidney knew Al Woods when he was a bill poster and Sam Harris when he was a laundry runner.

Sidney played in "Busy Body" for 15 years. "The Show Shop" with Douglas Fairbanks followed, and then "Welcome Stranger."

Although his life is jammed with thrilling incidents of varying nature, Sidney claims that he has had more exciting experience in his three years of picture work than in his thirty years on the stage.

His first picture was "Potash and Perimeter" in Hollywood. In this he had to get in a lion's den, be caught in a burning building and drive 70 miles an hour through crowded streets. His second picture was "Classified" and his biggest hit therefore was "The Cohens and Kellys," the screen version of Aaron Hoffman's famous stage play which made such a signal hit that the Paris edition of the affairs of the Irish and Jewish families was prepared as a sequel due to thousands of requests made by exhibitors and film fans for another "Cohens and Kellys."

The featured cast includes, in addition to Sidney, J. Farrell, MacDonald, Kate Price, Vera Gordon, Gertrude Astor, Charles Delaney and Sue Carol.

Other features include "Jail Birds," a Bobby Vernon comedy, "Pick A Pet," a curiosity, and current news events.

Science Now Even Changes Farm Way Of Feeding Cow

COLUMBIA, Mo., March 1.—Science has revolutionized another chore of the farm boy—that of feeding the cow.

Gone are the days when an armload of fodder could be carelessly dumped in Bossy's manger or a bucket of bran emptied in her feed box. Now the amount of food she receives must be determined by the use of a machine known as a metabolism chamber.

—Cow feeding, as taught in the animal husbandry department of the College of Agriculture of the University of Missouri, is an exact science, one in which neither whim nor caprice, generosity nor economy can enter. Cows are fed, not what they need, but what they need.

A cow's food needs are determined by measuring indirectly the amount of food consumed. This can be discovered by determining the amount of carbon dioxide given off in proportion to the amount of oxygen breathed during a given period.

Since the amount of carbon dioxide bears a definite relation to the number of calories secured in a metabolism chamber shows the amount of food burned in the animals' body during a given period.

A metabolism chamber consists of a stanchion inclosed in an airtight chamber. Pure air from

outside the building is passed into the chamber to be breathed by the animal. As the breathed air is pumped out of the chamber, it is passed through glass bottles containing sulphuric acid which removes its moisture content.

The air then passes through bottles containing a soda-lime solution which extracts the carbon dioxide.

Another method of determining a cow's food needs consists of measuring directly the number of calories of heat given off by the animal. This method requires the use of a complicated machine, which costs a fortune to construct and another fortune to operate. There is only one such machine in existence.

New Mausoleum Almost Finished

Interest in the Sunset Mausoleum, now under construction in Sunset View memorial park in the Berkeley hills, is being shown by the visitors who are coming to view the work, according to an announcement by Fred A. Purser, general manager of the Sunset Mausoleum association.

Italian marble placed in positions to enhance the beauty of the structure made the mausoleum attractive. Besides the architecture a 40-foot roadway leading directly into the mausoleum sets off the structure. Work on the dome and the main staircase 54 1-2 feet wide is now being completed, while the interior lawn is being finished.

Drum Corps To Hold Whist Party Mar. 14

The Drum and Bugle Corps of Honor Post, 913, Veterans of Foreign Wars, had a short meeting at the Memorial Building, and talked over the coming Whist Party, which is to take place on Wednesday, March 14th, at Memorial Hall. This party is being given in order to raise funds to purchase drums and bugles for the new unit.

Although it had been suggested several times in the past few years, to have a unit of this nature in Richmond, this is the first time that any progress has been made and it looks as though it is going to "go over the top". It is planned to have the boys turn out in snappy uniforms, just as soon as ways and means of purchasing same can be arranged.

The next meeting of the drum and bugle corp will be immediately after the regular meeting of the Post, Tuesday, March 6th, at which further details of the coming whist party will be discussed and final arrangements made for the displaying of the various prizes at one of the downtown stores.

The new dealcombes, with the V. P. W. insignia, arrived about a week ago; forty out of the first shipment of fifty were purchased by the members, at the last meeting and quite a goodly number are now adorning cars.

MRS. POOLE ENTERTAINS GRANT P. T. A.

Folsom Felons Enter Plea

(By Universal Service)
SACRAMENTO, March 1.—The six Folsom Thanksgiving Day rioters today pleaded not guilty to the second charge of murder filed against them in connection with their uprising and will go on trial before Superior Judge H. R. Hughes on March 26.

The convicted sextet is accused of the murder of George "Red" Baker, Folsom trustee, shot down during the bloody rioting. As the first move in their new flight, to escape the noose, Tony Brown and his five riot confederates supplemented their pleas of not guilty today with the plea of "once in jeopardy." The supplemental plea is based on conviction of the rioters here February 21, for the slaying of Guard Ray Singleton.

Chicago's County Hospital To Be World's Greatest

(By Universal Service)
CHICAGO, March 1.—After sixty-two years of unrelenting effort, Cook county hospital will next month become the world's largest hospital center.

It will provide 3,200 beds for patients, 200 more than are at the London-Middlesex hospital; 400 more than at the Vienna General hospital.

Ten acres of ground at Harrison, Wood, Polk and Lincoln streets are covered by structures housing the beds the staff and the facilities—a little city of life and death.

There were but two internists, and only a few nurses, fifty-two years ago. Today there are 75 resident physicians, 630 nurses, and more than 500 other employees. The cost of running this mammoth institution alone is two and a half million dollars a year.

The construction of additional buildings are almost complete, and by the end of the next month there will be a new children's hospital, a new men's ward building, a receiving building and a new morgue.

Besides housing these unparalleled activities, the hospital has made some notable contributions to medical science. Under the direction of noted specialists, the different laboratories have been largely responsible for the checking of disease in Chicago.

"It has become practically a center of scientific research," said Michael Zimmer, hospital warden. "Many medical authorities from different parts of the world have visited the hospital and observed its workings. Notably have many observers come from Japan and the Philippine Islands."

In the course of its sixty-two years' existence, the hospital has cared for 1,050,000 patients.

Among them have been members of various races. Arabs, Chinese, Croats, Danes, Cubans, Egyptians, Dutch, Hindu, Indians, Koreans, Malays, Macedonians, Montenegrins, Mexicans, Swedes, Scotch, Serbs, Spaniards, Turks, Welsh, French, Germans, Greeks, Hungarians, Italians, Rus-

sians, Finns, Belgians and natives of many other lands.

HEEHEY WINS 15 ROUND DECISION OVER DELANEY

HIGH CAGERS MEET ALUMNI HERE TONIGHT

Richmond Union high school's unlimited basketball team will meet some strong competition tonight when they meet their alumni in a game to be played in Roosevelt Junior high gymnasium. The alumni have a team that is composed of men known to the Richmond basketball world, because of their work during the past few months. Ernie Barbiere, Al Huzefka, Ralph Lee, George Cornell, Cal Pitchford, and a few other men of like caliber will be on hand to give the high school boys all the competition they can stand for one evening.

Coach Ivan Hill has a team that can afford competition to any team that it is picked to meet, and as the boys have been playing together all season there will be no walk-away for the older men. DeBarre, Williams, Baldwin, Swenson, and Jackson will be the mainstays of the high school team, and will be assisted by the other boys who may get a chance before the evening is over.

In the preliminary game the high school B's will meet the class B team of the alumni with Marcos and Weeks, counted on to do the scoring for the high boys assisted by the rest of the team. Not much is known of the alumni team but they will be on hand to help make things interesting for the younger boys of the school.

The lineups will probably be: Richmond High: DeBarre and Jackson, f.; Baldwin, c.; Williams and Swenson, g.

Alumni: Dyer and Huzefka, f.; Barbiere, c.; Cornell and Lee, g. High school B's: Marcos and Pace, f.; Flynn, c.; Weeks and Oishi, g. Alumni B's: Powell and Bernes, f.; Clark, c.; Malinani and McLaughlin, g.

TIE LOOMS FOR SAN PABLANS

San Pablo Garagemen still have a chance to win the championship of their division in the Maxwell winter league, despite the fact that they were badly beaten by the Lawrence Terminals last Sunday.

The Lawrence Terminals and the New Process Laundry will have to play off the remaining two games of the schedule of 14 games, according to a decision reached by members of the league teams at a meeting held in Oakland. One loss for each of these two teams will mean that San Pablo will be tied for the championship.

Manager Moitza has announced that the Garagemen have already finished their schedule with 11 victories and two losses. The Terminals have two games to play, one with the New Process Laundry and the other with the Golden Gate Merchants. The New Process Laundrymen will play the Terminals and the Richmond Carmen, as the Viera Billards have already forfeited their scheduled game with the Laundry.

The winner of the New Process Laundry-Lawrence Terminal game will be the first in the league and the loser will be tied with the San Pablo Garagemen for second place, and if the winner of this contest should lose its other game, the two remaining games to be played, there will be a triple tie for first place.

On Sunday afternoon at 2:30 o'clock the Garagemen will play the Adrian Athletic club on the San Pablo diamond.

JIM Kahn FAIR OR FOUL

The Baseball Chapter of the Skeptics Society, with Ed Barrow presiding as president pro tem are at present actively engaged in scoffing at Urban Shocker's retirement from baseball. Barrow, add these few baseball men still remaining in the north, just don't believe it, and consequently are disturbing themselves very little about the announcement of the veteran spitballer.

However, Shocker, who ought to know something about it himself, insists it's a real case of No Fooling, and that he won't be around this spring when Jack Lenz and George Levy, the Stadium announcers, begin mispronouncing the batteries. In a telegram to this column today he repeated his intention to retire with emphasis and gave as his only reason the same one he communicated to Barrow yesterday, that of furthering his business interests at home.

Of course this baseball business being what it is, it is entirely possible that Shocker's gesture is an effort to draw down a fatter contract for 1928.

Shocker is a business in St. Louis and has been for more than a year. When he first went into it, with two St. Louis associates, he had no suspicion it would grow to the size it has. But it did, and Shocker evidently thinks he can make more money by staying home twelve months out of the year than he can by playing baseball, despite the fact that he is one of the highly paid stars on the team.

Shocker, one of the shrewdest pitchers in the game, won 18 and lost 6 last year, and over his major league career of twelve years has compiled the highest individual average of any pitcher in the game.

Always a late signer, Shocker was on the verge of quitting camp last spring before he came to a salary agreement with the club. While he has passed the peak of his pitching effectiveness, the shrewd Urban is still capable of winning his full quota of games.

Consequently, though his telegram is quite emphatic, I join up with the skeptics in doubting that Urban will be anywhere else than Shibe Park, Philadelphia, Pa., when April 11 rolls around.

Spartans Form Soccer Team

Competition for W. L. "Doc" Seawright's newly organized soccer football team, is being offered by another newly organized team composed of the Spartan outfit, winners of the boys basketball league of this city. Managers of the two teams are planning a game for next Sunday afternoon, providing the Seawright boys are unsuccessful in completing arrangements for a trip to Petaluma to play a team of that city.

Players on the Spartan team are: William Swenson, Gordon Jackson, J. McAllister, Bumgarner, Arnold Thompson, DeBare Hall, Melin, Lane and Pinto.

The return game with the Junior Thistles will be played in San Francisco on Sunday, March 11.

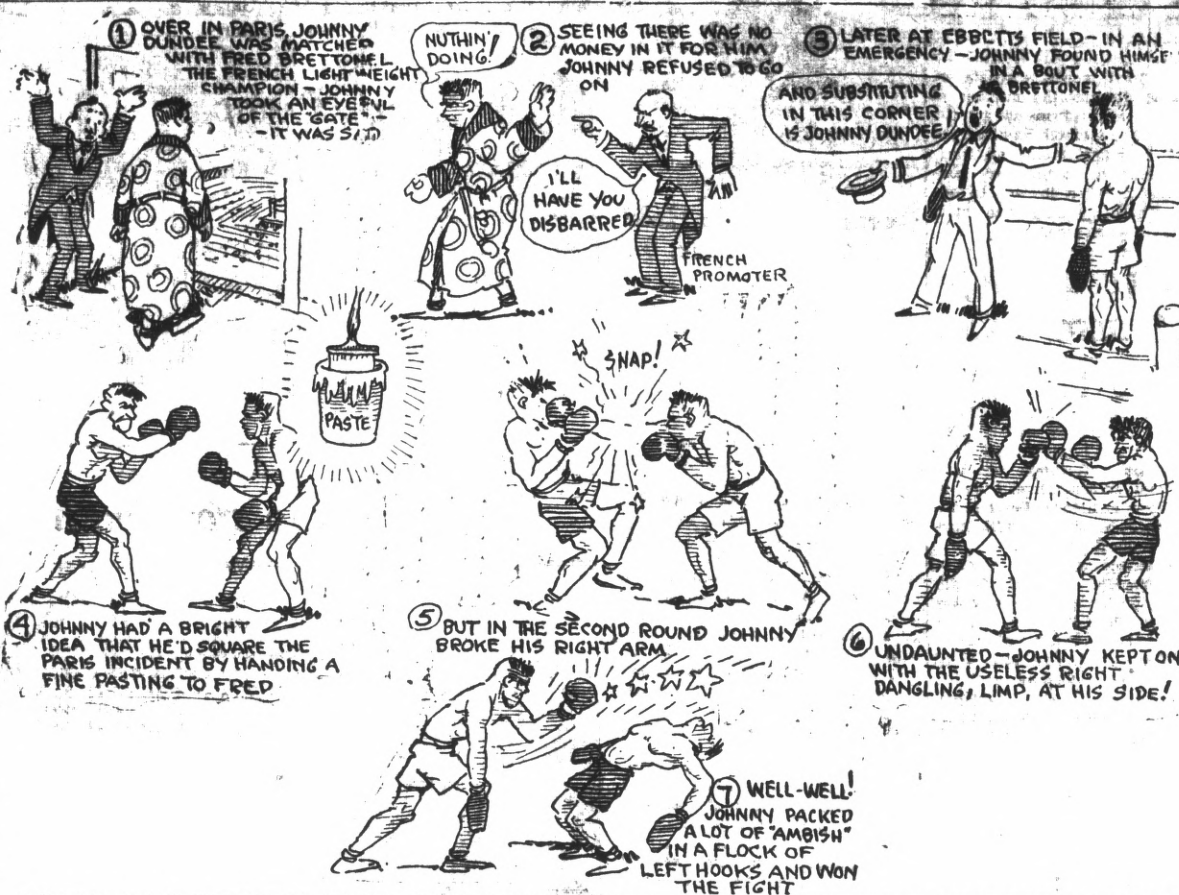

All-Stars Play In Sacramento

Richmond All Stars baseball team will journey to Sacramento Sunday to play a picked team of that city, according to an announcement by Manager Manuel Nevis. The All Stars have not met defeat this season and are rated as one of the best teams of the bay region. Last Sunday they defeated the San Pablo Cubs on the latter's diamond and are out to keep up their good record.

Players making the trip Sunday are: Lelan Goldsworthy, Doyle Taylor, Joe Viano, Carl Pinto, Babe Matteri, Anthony Molton, Jack Pinto, Guido Piolo, George Molton Howard Goldsworthy, and Willie Klatt.

HEAVY PUNCHES MARK OPENING OF BIG FIGHT

NEW YORK, March 1.—Tom Heenehey won a 15-round decision over Jack Delaney at the Madison Square Garden tonight. The early rounds were fast with both men inflicting severe punishment, but the closing rounds were marked by much clinching.

Heenehey took Delaney's supposedly murderous wallop smack on the chin several times and kept on trudging. Heenehey himself is not accounted a hard puncher. He is just a serious puncher and no man ever poked a battered nose through the rope, backed by more courage than Tom Heenehey.

By virtue of his victory tonight, which cannot be altogether classified with the sensational victories in ring history, Heenehey assumes the rank of first place contender in the heavyweight elimination tournament being staged by Tex Rickard.

It is planned for Heenehey that he clash with the winner of the Risko-Sharkey heavyweight fight at Madison Gardens to determine who shall be the next fighter to face Gene Tunney.

LABOR COUNCIL ENDORSES BILL TO BAR PEONS

Central Labor Council, at a meeting held in Brotherhood hall, voted in favor of a bill proposed by Congressman Cox of Texas, to place Mexico on the quota list, under the new immigration law. Facts gathered by the San Diego Central Labor Council regarding the Mexican situation in this state were presented to the gathering and brought a discussion from the members. President John Deasey presided at the meeting.

In the statistics presented, it was shown that Mexicans were being brought into California by the large land owners, who were then to work their crops and because of this large foreign element, two-thirds of the country's hospital work done in California is for the benefit of the Mexican peons.

By a duly proposed and seconded motion, Miss Viola Cox, secretary of the council was instructed to forward telegrams to Senator Hiram W. Johnson and Senator Charles McNary, and the Congressmen, urging them to support the Cox proposition.

During the course of the discussion of the Mexican problem, the Philippine situation was brought up for consideration, as it was stated that the Philippines by an organized movement are flooding the country with cheap labor. At the present time there is no measure before Congress in relation to the Philippine problem, but the council directed Miss Cox to communicate with the California representative in order to have an investigation started by the national government.

The only radio broadcasting station of labor, WCFL of Chicago, was mentioned in the meeting, and it was decided to ask the national radio commission to broadcast the way length from 630 kilocycles to 570.

Business Man Builds Village for Aged Ministers In Memory of Parents

Above—"The Ministers' Church" at Glen Cove, Fla., and (Insert) J. C. Penney, its builder. Below—A group of Glen Cove residents posed for the camera's click.

Because a son never forgets that his parents gave their lives to the welfare of others without thought to themselves, some sixty retired ministers with their wives are spending their declining years in almost ideal conditions of environment and comfort. Down on the historic St. John's River in Florida some forty-five miles from Jacksonville, J. C. Penney, who operates one of the largest chains of department stores in the country, has built a complete town as a memorial to his father and mother; and while his parents were members of the Baptist faith, the residents of this Memorial Community represent many denominations and worship together in one church and chapel.

Modern conveniences have been fully utilized to make the town a haven for these aged couples. The beautiful large sprawling houses are of Norman-French design. These are divided into apartments equipped with furniture, electric range, electrical refrigerator and heat. Perhaps the crowning provision Mr. Penney has made, however, is an arrangement permitting the families to sit on their front porches during the warm months and listen to the organ and the chimes as they are being played in the church. This has been accomplished through having two Western Electric public address system horns placed in the church steeple by means of which the music is broadcast over a radius of more than half a mile.

Since the church and its services constitute the focal point of the social life of the community, Mr. Penney has seen to it that those who come together for worship gather everything they can from the services. Most of the ministers are from 60 to 80 years of age and a great many of them are hard of hearing. In order that this may not be a hindrance, the church is equipped with a public address system. A microphone in front of the pulpit and one in the organ loft pick up the words of the minister and the music of the choir which are heard by the

worshippers through five loud speakers suspended from the walls of the church. This arrangement enables all to hear and take part in the services, those in the rear pews no less than those near the pulpit. The services maintained are non-denominational in character and are conducted by residents of the community or by visiting clergymen who make frequent visits to the colony.

While the Memorial Community owes its existence to Mr. Penney, who has spent \$1,500,000 to bring to realization his cherished dream, the ministers in the community are independent in that they buy their own clothing and food and pay other personal bills they need. Their expenditures are small, of course, in comparison to those already made by Mr. Penney who, however, at the dedication of the community a few months ago, expressed the feeling that his gift was all too small a recognition of the debt he owed his father and mother for the inspiration and help they had given him.

"The heart the most vital organ of the human system," will be the topic of discussion by Dr. Harry Halter when he addresses the Richmond Rotary at their noon meetings today at the Hotel Carquinez. Dr. Halter will endeavor to show the relation of the heart to health and happiness.

Dr. U. S. Abbott will preside in the absence of President Walter T. Helms, who is now attending a convention of school authorities being held in Boston. Dr. W. E. Cunningham will be the chairman of the day and with Frank Tittmore is responsible for the arrangements of the program.

Chinatown Trip Plan Of Senior Endeavor

A unique trip is being planned by the young people of the Senior Intermediate Endeavor of the First Christian Church. Ling Lew, secretary of the Chinese Y. M. C. A. will conduct a party of 20, accompanied by four chaperons, on a tour of Chinatown, March 9. A Chinese dinner will be enjoyed and places of interest will be visited. The pilgrimage will end with a

visit to a Chinese theatre. Two delegates will be sent to the World Sunday School convention to be held in Los Angeles this summer; according to plans now being made by members of the church.

BERNSTEIN TO PAY ALIMONY PENDING TRIAL

LOS ANGELES, March 1.—Mrs. Corabel Bernstein today was awarded \$200 a month temporary alimony, \$750 attorney's fees and a temporary restraining order forbidding her husband to sell community property pending trial for her divorce action against Arthur L. Bernstein, business manager of Jackie Coogan Productions.

Bernstein broke down and wept bitterly on the witness stand as he told how he had tried to sign his position.

"I want to resign because of the scandal that this thing has brought to me, but they won't let me."

Tears choked the film executive's voice and he was dismissed from the stand.

Mrs. Bernstein also is suing Mrs. Lillian Coogan, mother of the juvenile screen star for \$750,000, alleging alienation of her husband's affections.

Mrs. Coogan was not in court today, but Jackie's father sat next to Bernstein before the hearing, his arm affectionately around the film man's shoulder.

Special Services At Wesley Church

The official board of the Wesley Methodist Episcopal church will hold their regular meeting at the church parlors.
